

FAQ - Can I report by fiscal periods?

Question

Can I report by fiscal periods?

Solution

Unanet enables you to set up a Fiscal Calendar definition to produce quick Fiscal Year-to-Date or Fiscal Month reports. The Unanet System Administrator can enable the "Show Fiscal Calendar on Plans/Assignments/Reports" property to display Fiscal Periods in the reporting screens as relative date ranges. The Fiscal Year must be defined within the **Admin > Setup > Accounting > Fiscal Years**, screen. Additionally, the Administrator can use this screen to create a Fiscal Year breakdown table with Fiscal Months or Weeks.
