

Unanet New Release Notice RSS Feed

Unanet provides you with the option of subscribing to our new release RSS feed. This feed will keep you informed of each minor point release of the most current version of the Unanet product.

To subscribe, add the following link to your preferred RSS reader. Certain RSS-aware browsers will allow you to simply click on the URL and then subscribe, but you may have to copy the URL and manually add it to other RSS readers:

<http://knowledgecenter.unanet.com/createrssfeed.action?types=blogpost&spaces=kb&title=New+Release+Notices&labelString=release-notice&excludedSpaceKeys%3D&sort=created&maxResults=10&timeSpan=90&showContent=true&confirm=Create+RSS+Feed>

For more information on RSS feeds in general, please see <http://en.wikipedia.org/wiki/RSS>.

Unanet Technical Support will be unable to assist you with questions about usage of your specific RSS reader.
